Dear Ms. Osborne:

Having known the work of Ray Moose for some ten years, I am delighted to learn that you too may have found it worth recommending! The research, the attention to detail, and the final casting are all top quality. Seeing the full scale sculptures is quite impressive, even to those who spend their days "looking at art!"

I would add that Mr. Moose has always been most professional in our relationship with him. When asked for support material, he provides it. Slides, sketches, examples of similar work, whatever is needed for the client to better understand the work, the artist willingly offers. Our hope certainly is that with your assistance, this work will reach a much wider audience and be truly appreciated. It deserves nothing less.

Thank you for your time and consideration of the work of Ray Moose. We eagerly await the public's discovery of his sculpture!

Sincerely,

Dorothy D. Hodges
